**PRECISION**  
Groundbreaking  
New Adjustable  
Riser Door Frame

» SAFER «  
» FASTER «  
» SIMPLER «

## PRECISION Adjustable Riser Door Frame - Key Benefits:

- » Fully self-adjusting to the specific dimensions of each structural opening
- » No plastic packers required
- » No intumescent mastic application required
- » Dramatically reduces fitting times by up to 30%
- » Third party accredited and bi-directionally tested for fire integrity

Given the choice, why would you specify anything less?

PRECISION Adjustable Frame dramatically reduces fitting times

Frame adjusts to fit each structural opening, no plastic packers required

Factory applied intumescent strips removes the need for mastic application
